Opportunity for Impact
The Jewish Education Project has been devoted to ensuring that Jewish education is in tune with the forces that impact our world and our communities in a changing environment. We are a New York-based agency and beneficiary of UJA-Federation of New York, working closely with educational leadership in day schools, congregations, early childhood settings, teen programs and beyond to spark and spread innovative approaches that expand the reach and increase the impact of Jewish education for children, teens, and families. With a focus on serving New York (the five boroughs of NYC, Westchester, and Long Island), The Jewish Education Project is also engaged in a number of national initiatives supported by major foundations. The Jewish Education Project has established itself as a leading organization in transforming Jewish education.

Today, our Jewish community is more diverse – or at least more aware of its diversity - than ever before. American Jews include a multiplicity of backgrounds, form their families in a variety of ways, and connect to, and express, a wide array of Jewish identity pathways. The Jewish Education Project views this role as an opportunity to shape the ways Jewish education evolves to meet the needs of today’s learners and their families.

We are committed to being at the forefront of ensuring that Jewish education remains relevant and meaningful in the lives of Jewish youth and their families today and tomorrow. For more information about The Jewish Education Project, please visit www.jewishedproject.org
